

First I would like to introduce myself to the new members, first year patched officials and transfer members. My name is Kevin Bolduc, I've been member in good standing of the NHFOA since 2007. I served on Council in 2017 and 2018.

Our organization has entered into a very difficult time of its existence, where retention and recruitment has been difficult. These are two areas I would like to focus my attentions on. Second area of concern is an increase in game fees. As a member of Council I will want to hear from everyone with their ideas and concerns on these issues, as well as any other. If we do not work together in the next few years to correct these difficiencies, there may not be an NHFOA in the distant future.

For those of you who already know me, I would like to leave you with this; lessons were learned, and you can teach an old dog new tricks!!

I wish those who have playoff games the best of health and luck, and Happy Holidays in the upcoming season.....

I humbly and respectfully ask for your vote.
