

Candidate Statement

Successful board of directors require strong people who listen to the needs of their members.

I support our members that seek contemporary policies that allow them to balance their family time with the requirements of the NHFOA.

I support our memberships desire for transparency, flexibility, and solid communication.

I will strive to design policies that balance the needs of our membership with the goal of developing highly skilled football officials.

I support a collaborative management approach with each council member providing their unique skills, opinions, vision, and perspectives.

I will maintain an open mind.

My goal is to make smart decisions that reflect the best interests of both the NHFOA and its members.

I have 35 years of senior management and business leadership experience. I have been on the board of directors in the past for the NHSPCA and the Exeter Chamber of Commerce. I currently serve on NHFOA Council and The Housing Authority in Newmarket.

Sincerely

Michael Parkin
