

My Fellow NHFOA Members,

Please allow me to introduce myself. I am Kyle Snow whom started officiating high school football within the NHFOA in 2010. Early on as a young man, I attended my Dad's semi-professional games and grew up watching football on Sunday afternoons. It has been my personal experience to be involved with football my entire life which has included playing football at Merrimack High School; Bridgton Academy; Ohio Wesleyan University and a semi-professional team known as the NH Wolfpack. Due to these experiences I then progressed to officiating football which has subsequently become very important to me. Since 2017, I have evolved into first officiating NCAA Division 3 Football and last year became a Division 2 NE-10 college official. It was my good fortune to be a part of the officiating crew of the 2018 New England Bowl. Due to the recent pandemic, I was glad to have the opportunity to again officiate with my father, friends and colleagues within the NHFOA. Hence, I feel it is time for me to give back to the NHFOA membership which has given me the skills and football IQ to advance within the NCAA football community.

Being one of the members under the age of 40, the long term success of the NHFOA is very important to me!!

It is my feeling that recruitment and the retention of young officials is a top priority! If elected to the NHFOA council, every decision I make will be guided by the principle of fairness to all members. Having a young family, I realize it's about having a good balance with extracurricular activities. Accordingly, it is my idea to seek various opportunities to recruit younger members in order to increase the amount of officials within the NHFOA. In addition, it is my thought to continue to improve the internal rating system with observers and also to increase communications between NHFOA officials and the Boston Chapter of the NCAA.

While I don't possess all the answers, I know that by working with other dedicated members within our organization, good solutions can be found to benefit our association of officials.

Thank you for your time and hope you will consider me during voting.

R. Kyle Snow
