

## Fred Russell Candidate Statement

Fellow NHFOA Members;

I am tossing my hat into the proverbial ring by running for a position on the Executive Council. I have been a member of this board since 2003 and now feel that it is time for me to give some time and energy to helping this organization. I have taken over the Manchester local meeting this past season. Having the local coordinator also a member of the council should help in keeping the membership more aware of what is happening at the councils meetings.

If you think that I would be a good candidate for the council than I would appreciate your vote.

Thank You

Fred Russell
